TEACHERS' ORDER BLANK

Penny Packet Seeds for School and Home Gardens

Information for Teachers This Order Blank printed in Red is for your use only. Do not give it to any of the pupils as it is intended for your use in making your selection of Free Commission seeds as well as the kinds you may wish to buy. The other two order blanks, one in black and one in green have been specially prepared for school children. One will be provided for each family represented in your schools. Where there are two or more pupils from the same home, please request them to combine their orders on one order blank. Please explain to the children that individual orders must be not less than five cents, as we can not accept orders for less.

Free Seeds for Teachers While we have done everything possible to cut the work of the teacher to the minimum in connection with handling a school order, we realize that you are entitled to some compensation for the work you do in distributing the literature and forwarding the orders to us. For this you may select FREE SEEDS to the value of ten percent or one free packet for each ten packets ordered by your pupils. Be sure to fill in the blanks on last page, stating amount of commission credit, also amount of cash enclosed for your order. If your pupils order both seeds and shrubbery or bulbs, you may select your commission in either seeds, shrubs or bulbs, but if only seeds are ordered, seeds only may be selected as commission. Remember, you must use this TEACHERS' ORDER BLANK (printed in red) for your commission seeds.

Delivery Charges Prepaid Delivery charges on all items, including literature, will be prepaid by us. Each individual order for seeds will be enclosed in a sealed envelope with cultural instructions and the pupil's original order blank attached thereto so that you will not be inconvenienced in delivering them when received.

Facilities Quadrupled Since the close of last season's trade, we have moved to our new permanent location, 5700 Detroit Avenue, where the most complete and modern equipment has been installed for successfully handling Roses, Shrubs, Vines, Bulbs, etc. To guard against delays in filling orders, a large part of our stock will be in our cellars by January 1st, instead of March or April as in former years.

Prompt Service With the improved facilities now at our disposal, our aim this season will be to fill all orders within two or three days from receipt. Seeds will usually be packed and shipped separately.

Terms Make all remittances by Postal Money Orders, payable to The Children's Flower Mission. Select extra seeds to cover cost of same. Please don't send stamps for amounts over 25 cents, as we receive many more than we can use.

Our Guarantee That all seeds offered for sale are grown for us by growers of unquestionable reputation, and that they show a satisfactory percent of germination in our tests. That all Bulbs, Roses, Shrubs, etc., are clean healthy stock, carefully inspected under governmental supervision upon arrival in our cellars. That no stock of any nature shall at any time be added to our lists that we do not believe will give general satisfaction.

To Back This Guarantee If after careful planting, care and cultivation, any seed or other stock does not prove satisfactory, and the teacher or individual in charge believes that failure is due to quality or condition of stock when received, we will adjust matters to your satisfaction, either by replacing the stock, or if too late, by voucher good for 10 percent additional value in other stock.

Read This The nominal prices herein quoted on seeds are conditional on a quantity being ordered together. We cannot accept individual orders for only a few packets to be delivered separately, as the clerical work, packing, postage and handling would cost more than the value of the seeds. We must therefore request that on direct individual orders amounting to less than 25 cents, an additional 5 cents be included to cover charges mentioned above. This does not apply on school or other orders where a number of orders are sent together. In case you do not intend to handle the orders personally, please emphasize this point to the children.

The best Garden Seeds are grown by specialists in different sections of America and Europe, where the climatic and soil conditions are best adapted to the successful production of the various kinds. We contract one and two years in advance with experienced growers of unquestionable reputation, and are therefore in position to continue to supply high quality seeds at the popular penny packet price, regardless of present high prices. We state approximately the number of seeds each packet will contain.

SUMMER FLOWERING BULBS

On this page we list a carefully selected assortment of popular, easy growing, summer flowering bulbs, roots, and tubers. Much of this stock we grow ourselves in our nursery at Rocky River. Others we contract with special growers in Europe and America, in large quantities, in some instances two to three hundred thousand of a kind, which enables us to quote prices much lower than similar stock is generally sold. We guarantee everything to be as represented.

Number Ordered				Total Price
301	Anemone (Wind Flower) etc., of very easy culture. Cultural instructions with each order. Mixed colors.	The Irish or Poppy-flowered Anemones are showy, tuberous-rooted flowering plants, that deserve to be more generally planted. Total Value Summer Flowering Bulbs and Roots Ordered \$ _____

Hardy Herbaceous Roots and Bulbs

All items on this page are perfectly hardy, requiring little or no protection during winter. They increase in size and beauty from year to year. No home is complete without a well selected assortment. Our prices will be found to be very low considering quality of stock we handle.

Number Ordered			Set of Four Not Named 20 cts.	Total Price
331	German Iris ("Fleur de Lis")	Very popular, old-fashioned, hardy garden favorites, requiring little attention. Splendid for permanent borders along the driveway or edge of shrubbery. They are so cheap that everybody can afford to grow them. We have selected four of the most distinct and desirable varieties as described below. We know of no plant more easily grown and requiring so little care.		
	332 Florentina	Ivory white tinged lilac. Very early bloomer. 5 for 25 cts.	6 cts.	
	333 Honorable	Golden yellow standards; falls crimson-brown. 6 for 20 cts.	5 cts.	
	334 Mandrelisca	Rich lavender-purple. Extra large and handsome. 4 for 20 cts.	7 cts.	
	335 Pallida Speciosa	New, extra large variety. Color, delicate light-blue. 4 for 25 cts.	8 cts.	
	336 Japanese Iris	Kaempferi. The largest and finest of all the iris family. Flowers of immense size, 6 to 8 inches across, on tall stiff stems and comprising the most beautiful and delicate colors and shades of blue, purple, lavender, pink, white, etc. Perfectly hardy everywhere. Our stock is direct from Japan and includes a mixture of many varieties. Strong roots that should bloom this year. Never before offered at such reasonable prices. Do not ask for separate colors.	6 cts. Each	
	337		Six for 25 cts.	
	338 Hardy Gypsophila ("Angels' Breath")	Large panicles of very fine spray-like fragrant white flowers. Unexcelled for bouquets. 2 year roots. 2 for 15 cts.	8 cts.	
	339 Meehan's New Marvel Hibiscus	This is probably the most valuable hardy Herbaceous plant that has been introduced in recent years, and always attracts attention. It is of vigorous habit, forming large clumps or bushes, 4 to 6 feet across. The tops die to the ground in November and should be removed, new shoots springing from the roots each spring. The flowers are of large size, often 5 to 6 inches across, in bloom continually from July to October. Strong one year old dormant roots that will bloom this year. Prevailing colors, crimson, pink, white, but cannot guarantee specific colors.	10 cts. Each	
	340		Three for 25 cts.	
	341 Kudzu Vine (Pueraria Thumbergia)	Rapid climbing, tuberous rooted vine. Climbs 40 to 50 feet in one season. Large leaves and dense shade. Rosy purple pea-like flowers in August and September.	10 cts. 3 for 25 cts.	
	342 Hardy Garden Lilies	Every garden should contain a selection of choice hardy garden Lilies, as no other flower can approach them in their distinct exquisite type of beauty and fragrance. For best success plant 5 or 6 inches deep in deeply cultivated soil. We have selected only the most popular and satisfactory varieties.	The Set of Four 50 cts.	
	343 Auratum or Gold Band	The largest and most beautiful of all lilies.	15 cts.	
	344 Speciosum Album	Fragrant pure snow white. Beautiful reflex petals.	15 cts.	
	345 Giganteum	The hardy Easter Lily. Pure white trumpet-shaped fragrant flowers.	12 cts.	
	346 Rubrum Magnificum	White with crimson band, dotted maroon.	12 cts.	
	347 Day Lily (Funkia Grandiflora)	"Plantain Lily". Hardy garden favorite, forming large clumps of massive foliage, and numerous clusters of fragrant lily-like snow white flowers in July and August. 2 for 15 cts.	8 cts.	
	348 Variegated Day Lily	A splendid variegated plant for borders or to grow as single specimens. Large creamy-white foliage margined green. A beautiful pot plant for early spring. 12 for 75 cts.	8 cts.	
	349 Lemon Lily	A splendid hardy plant that should be in every garden. Forms large clumps, producing in June many clusters of fragrant lemon yellow lily-like flowers. 3 for 25 cts.	10 cts.	
	350 Lily of the Valley	No garden should be without a bed of these delicate little fragrant flowers. They are perfectly hardy everywhere, succeeding best in a moist shady place. Once planted they will take care of themselves, increasing in quantity from year to year, producing an abundance of fragrant flowers.	3 Roots 10 cts. 10 Roots 25 cts.	
	351 Chinese Peonies	First of all in the list of hardy plants for size and beauty. As hardy as an oak, forming large clumps or bushes. Should be in every garden in the land. A Millionaire can have nothing finer, and no flower will succeed better for the common gardener. We list them in separate colors, but not named varieties. Our prices are lower than they have ever before been listed.	Set of Three for 45 cts.	
	352 Dbl. White 17c	353 Dbl. Pink 17c	354 Dbl. Red 17c	
	355 Hardy Phlox	One of the most desirable classes of hardy plants for the garden or lawn. Once planted they require no further attention, increasing in size and beauty from year to year. The splendid large panicles of flowers are produced in July and August. If the first flowers are cut they will bloom again in September. Four following varieties.	Set of Four Phlox 35 cts.	
	356 Athis	Large panicles, bright salmon-pink, vigorous habit.	10 cts.	
	357 Bridesmaid	Blush-white, with red eye, dwarf habit, very fine.	10 cts.	
	358 Madam P. Langier	Probably the best bright-red variety grown.	10 cts.	
	359 Von Lassburg	Large snow-white panicles, the best early white.	10 cts.	
	360 YUCCA ("Adam's Needle")	Hardy plants with dark green bayonet-like foliage and tall spikes of white drooping flowers. Strong. 2-year roots.	10 cts. Three for 25 cts.

376	Purple Fringe ("Smoke Tree")	A very attractive shrub. Should be more generally planted. Curious fine fringe-like purple flowers. 8 to 10 feet.		9 cts.
377	California Privet	Very popular hedge plant. Also pretty for specimen shrub or groups. Can be sheared to any desired shape.	12 for 85 cts. 100 for \$4.75	8 cts.
378	Snowball (Viburnum Opulus)	A well-known old favorite shrub, covered with great white balls of snow in May and June. Height, 6 to 8 feet. 3 for 30 cts.		12 cts.
379	Snowberry (Symphoricarpos Racemosus)	Pretty small pink flowers in June, followed by waxy-white berries in autumn and early winter. Very popular. 3 to 4 feet.		8 cts.
380	Spirea (Anthony Waterer)	A splendid new dwarf shrub, having a profusion of large rose-crimson flowers throughout the summer and fall. 2 feet. 12 for 80 cts.		9 cts.
381	Spirea ("Bridal Wreath")	The grandest of all Spireas. The branches bending with graceful snow-white flowers in June. Fine for hedges. 4 to 6 feet. 12 for 80 cts.		9 cts.
382	Wiegelia Rosea	A beautiful shrub of vigorous habit, 4 to 6 feet high, covered in June and July with a profusion of bright pink flowers.		10 cts.
383	Complete set of 22 Hardy Shrubs (Nos. 361 to 382)			for \$1.90
Buddleia "BUTTERFLY BUSH" or Summer Lilac				
384	This valuable new shrub has attracted more attention than any other shrub that has been introduced in many years. It is a rapid growing deciduous shrub that dies to the ground every winter. Early in the spring the tops should be removed when new shoots will spring from the ground. It produces large, tapering, graceful panicles from the point of every shoot, each containing hundreds of small very fragrant lilac-colored flowers, which attract hundreds of butterflies. Hence the name "Butterfly Bush." We offer strong one year old dormant field grown roots, with the tops cut back ready for planting. Will bloom freely the first year. Price, 15 cents.			
385	Hardy Climbing Vines			Nothing adds more to the attractiveness of any home than a few well chosen Hardy Vines. For porches, windows, arbors, etc., and for covering out-buildings, old fences and other unsightly places they are indispensable. We list only a few of the most desirable varieties. They will all be strong, dormant, one and two year old field grown plants.
386	Ampelopsis Veitchii (Boston Ivy)	Popular hardy climbing vine that clings to and completely covers any brick or stone wall.	3 for 25c 12 for 85c	10 cts.
387	Clematis (Paniculate or "Snowbank")	Sweet scented Japanese Clematis completely covered in September with a mantle of pure snow-white fragrant flowers. 2 for 25 cts.		15 cts.
388	Dutchman's Pipe (Aristolochia Sapho)	A magnificent, hardy, rapid climber. Immense heart shaped leaves, overlapping each other, forming a dense shade.		20 cts.
389	Honeysuckle (Hall's)	Very rapid climber. Evergreen foliage, creamy-white fragrant flowers from June to August. A most satisfactory vine to plant. 3 for 25 cts.		9 cts.
390	Honeysuckle (Scarlet Trumpet or Sempervirens)	Quite distinct from Hall's Japan. Trumpet-shaped scarlet flowers in clusters. A strong vigorous climber. 3 for 25 cts.		9 cts.
391	Chinese Wisteria	Hardy rapid climbing vines, having large clusters of light-purple, very fragrant flowers in June and July. Increase in size and beauty each year.		15 cts.

Total Value of Hardy Shrubs and Vines Ordered \$_____

Hardy Hybrid Perpetual Roses

These are the beautiful "June Roses" that are so popular everywhere for rose beds, hedges, etc. They are the largest, richest in coloring, and most fragrant of all roses. They are perfectly hardy everywhere. There are more than one hundred varieties of Hybrid Perpetual Roses. We have selected only four of the most popular and desirable varieties all of which are quite distinct in color. The plants we offer are strong, well rooted, dormant, field grown plants that will bloom freely this season.

No. Ordered

Total Price

392	Frau Karl Druschki	"White American Beauty." Very large size, pure snow-white. Very free perpetual bloomer. A grand rose in every respect.	20 cts.
393	General Jacqueminot	The famous red garden rose. Its delightfully fragrant flowers are a brilliant glowing crimson. Very popular everywhere.	18 cts.
394	Mrs. John Laing	An exceptionally handsome rose of vigorous growth and fine habit. Color soft satiny shell pink. Very double and fragrant.	18 cts.
395	Paul Neyron	The largest rose in existence. Sometimes called the "Peony Rose." Color bright cense-red. Mammoth, full, double, fragrant flowers. A perpetual bloomer.	25 cts.
396	Above Set of four Hybrid Perpetual Roses for 75 Cents.		

New "Perkins" Set of Hardy Climbing Roses

This is the most desirable type of climbing roses to plant. They are far superior to the "crimson rambler" class in every way, being more vigorous, and not subject to mildew, retaining their glossy green foliage throughout the season. For profusion and quality of flowers they have no equal. We have 25,000 of these plants ready to fill orders.

397	Dorothy Perkins	The original "Perkins" rose, and the most popular pink climbing rose. Clear shell-pink double flowers, borne in immense clusters. Very vigorous.	15 cts.
398	Excelsia (Crimson Perkins)	Intense brilliant crimson double flowers in immense clusters. Better in every respect than the popular Crimson Rambler. Try it.	15 cts.
399	White Dorothy Perkins	A magnificent pure white climbing rose, identically like Dorothy Perkins except in color.	15 cts.
400	Above Set of three Perkins Climbing Roses for 40 Cents.		

401	Climbing American Beauty	Unlike the Perkins climbers this grand rose produces large, perfectly double flowers $2\frac{1}{2}$ to 3 inches in diameter, singly on long stems, each branch being surmounted by one splendid flower. The color is clear glowing crimson, the real American Beauty color. Magnificent heavy glossy green foliage, not subject to mildew. Absolutely hardy everywhere. A rapid climber.	20 cts.
-----	---------------------------------	--	---------

402	Baby Rambler	"Baby Doll Rose". Entirely distinct from all other roses. Neat dwarf compact habit, in bloom continually from June until frost. Pretty little perfectly double flowers in large clusters. Color brilliant crimson. Perfectly hardy, retaining its glossy green foliage all summer. One of the finest ever introduced.	20 cts.
-----	---------------------	---	---------

403	Madam Plantier (Cemetery Rose)	A splendid hardy June rose. Double snow-white flowers in greatest profusion. Fine for home or cemetery planting.	15 cts.
-----	---------------------------------------	--	---------

404	Hardy Grape Vines	Every home if only a city lot, can find room for this splendid set of hardy grape vines. Last year we sold almost fifty thousand of these vines. Strong, one year old, well rooted vines, guaranteed to please you.	Set of Four Grapes 25 cts.
-----	--------------------------	---	----------------------------

405	BRIGHTON	Bunch large, berry medium size. Color wine red. Quality unsurpassed.	8 cts.
406	CONCORD	The best known grape in cultivation. Always reliable. 12 for 75 cts.	7 cts.
407	MOORE'S EARLY	Large blue-black. Very sweet. Two weeks earlier than Concord.	8 cts.
408	NIAGARA	"White Concord". Generally considered the best of all white grapes.	8 cts.

409	Currants and Gooseberries	No home is complete without a few Currant and Gooseberry bushes. They will repay you for the little room they occupy. We have selected five of the very best varieties, and have forty thousand strong, well rooted dormant plants ready to fill your orders. Never so cheap before.	Set of Five for 30 cts.
-----	----------------------------------	--	-------------------------

410	CHERRY CURRANT	Berries very large, bunches short. Color bright red. Best quality.	6 cts.
411	PRESIDENT WILDER	New, bright red. Large bunches, fine quality. Very productive.	6 cts.
412	FAY'S PROLIFIC	The leading red market Currant. Very productive.	7 cts.
413	SMITH'S IMPROVED GOOSEBERRY	Large, greenish-yellow. Thin skin, excellent quality.	8 cts.
414	RED JACKET GOOSEBERRY	Large size, smooth, bright red, best quality. Very productive.	9 cts.

415	New Everbearing Raspberry (Saint Regis)	Here we have something new and valuable. A splendid productive large red raspberry bearing a profusion of fruit from July to October.	3 for 15 cts. 12 for 45 cts. 100 for \$3.50
-----	--	---	---

416	Asparagus Roots (Barr's Mammoth)	Buy two year old roots and save two years time.	Price 12 for 25 cts, 25 for 40 cts. 50 for 65 cts, 100 for \$1.00
-----	---	---	--

417	Rhubarb Roots	Every garden should contain a few clumps of Rhubarb. Strong two year old roots for immediate production.	4 roots 25 cts. 12 roots 70 cts.
-----	----------------------	--	-------------------------------------

Total Value Ordered from this Page, \$_____

READ THIS The prices herein quoted on bulbs, roots, shrubs, roses, etc., are conditional on a number of items being ordered at the same time. We cannot accept orders for only one or two items to be mailed separately at these prices, as the extra clerical work, packing, postage, etc., would much more than consume the small profit. We are therefore compelled to request that on all orders for less than 50 cents, an additional 10 cents be included to pay for packing. This does not apply to school orders where a number of pupils order together.

If Roses, Shrubs, Bulbs, etc., are ordered early before planting time, please write in opposite space the date you want them sent.

Pe-Tsai Chinese or Celery Cabbage A new vegetable from China, that is attracting much attention. By tying up the large outer leaves it blanches like celery. As a salad it rivals the finest lettuce, or cooked like cabbage or spinach it makes splendid greens. Packet 3 Cents.				Petunia, Giants of California We have been fortunate in securing a supply of seed of these marvelous flowers. We saw them in bloom and know that they are the genuine Giant Strain including many varieties and colors, a large percentage being of the beautiful ruffled type. Usually sold at 25 cents per packet. Our price, packet of 150 or more seeds for 10 cents.			
New Honey Dew Melon One of the most valuable novelties introduced in many years. Resembles a light green round watermelon outside, while inside it is a muskmelon with thick green flesh. In quality it is the sweetest and most delicious flavored melon in existence. Packet of about 40 seeds, 3 Cents.				Giant Castor Bean (Zanzibariensis) Very rapid growing decorative plants for the lawn, often attaining eight to ten feet or more in height and spread of branches, with leaves two feet or more across. As an incentive to the children to grow this beautiful plant, we will present free, a splendid Gold Watch, Elgin movement, (value about \$20) to the boy or girl under 14 years old, who will grow the largest plant in 150 days. Don't ask questions, as detailed instructions are printed on each packet. Packet 3 cents.			
Sa-ku-ra-jima Japanese Giant Radish A monster radish from Japan, frequently attaining thirty to forty pounds. Flesh very solid and tender. In Japan they cook it same as turnips. We have the genuine true seed imported by us direct from Japan. Cultural instructions on each packet. Packet of about 50 seeds, 3 cents.				Extra Quality Lawn Grass Package 10 Cents When raking and cleaning up the lawn in early Spring, a small quantity of Lawn Seed is often required to repair the vacant places. To meet this demand we offer an extra quality mixture of pure clean seed, free from chaff, put up in ten cent packages, sufficient for about seventy-five square feet. We guarantee these packages to contain more live seed than the ordinary quart packages that you buy at the corner grocery or drug store, for which you usually pay 25 cents. We do not sell chaff. Also in pound packages. Sufficient for 300 to 400 square feet of lawn. 40 cents per pound postpaid.			
Extra Early Spanish Peanuts Say boys, wouldn't you like to try your luck growing peanuts? The early Spanish variety can be successfully grown in the North. Cultural instructions printed on each packet. Price, large packet, 8 cents.
